

Quality Policy 2023

Our mission at LEONI Wiring Systems is to provide outstanding products and services in order to maximize the value for the company and its employees, our customers and other business partners as well as investors.

Our employees are continuously improving the quality of our products and services at the highest levels of efficiency and productivity by diligently utilizing their knowledge and skills.

LEONI supports the advancement of our workforce and strives to continuously improve our quality management system and processes.

We strive to satisfy applicable statutory, regulatory, and customer-specific requirements in a diligent and conscientious manner.

We are committed to delivering the highest level of quality and guarantee that no cost saving will compromise the quality of our services. Our commitment to our target of ZERO defects is therefore guided by our preventive actions.

By acting in accordance with our Corporate values, we contribute to the development of our target culture, and this is a prerequisite for LEONI's success. LEONI's Corporate values are Care, Result orientation, Respect, Responsibility and Collaboration

Our special focus in 2023 will be on:

- Maintaining a high level of customer satisfaction
- Managing ramp-ups and changes despite the expected/ongoing economic turbulences and market uncertainties
- Continuously improving our product quality and business efficiency
- Increasing the focus on digitization, automation and standardization
- Promoting the LEONI Corporate values
- Standardize our way of operating – LOS (LEONI Operating System) global roll-out
