

Quality Policy

2022

LEONI Wiring Systems Division aims to provide outstanding quality with our products and services to ensure that we maximize the value for the company, our customers, investors and business partners.

All our employees diligently use their knowledge and skills to improve continuously the quality of our products and services at the highest level of efficiency and productivity.

LEONI therefore continuously supports the advancement of our staff members as well as the ongoing improvement of our processes, operations and our quality management system.

We work conscientiously to keep our promise and commitments to satisfy the applicable statutory, regulatory and customer specific requirements.

We are focused on providing the highest quality and can guarantee that no cost savings will ever compromise quality. We are consequently guided by preventive action to our ZERO defect target.

Our special focus in 2022 will be on:

- ensure customer satisfaction
- professionally managing ramp-ups and changes
- constant improvement of our product quality and business efficiency
