Light Guide Fiber and Cable Solutions

Onshore + Offshore
FRNC-jacket
RoHS (EU) conformity

Green Cables for Green Technologies

Jacket material

- Resistance against oil, petrol, UV-radiation, acid, leach and coolant
- FRNC (Flame Retardant and Non Corrosive)
- Halogen-free (Low Smoke Zero Halogen) – LSZH
- Flexible in broad temperature range of – 40 °C to + 70 °C
- Conformity according EU-Directive 2002/95/EG (RoHS)

Composition

for different cable designs e. g.

- Singlemode, Multimode, POF or PCS fibers
- torsion tested up to 2000 windings
- cables are delivered as assembled or as bulk cables
- UL approved (Canada/US) 

Accessories

- Fiber optic assembly kit (for in-field assembly) of e. g. FSMA, ST, HP, SC or F05 connectors
- Measurement kit (for in-field assembly) for optical fibers or POF/PCF

Customer-specific in-house assembling
