

Cables and spare part service

Special Vehicles

The Quality Connection

LEONI

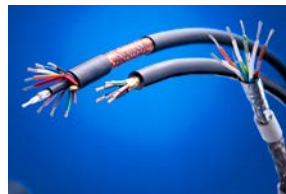

Spare part service

Fast, uncomplicated supply of individual spare parts, deliveries made on the basis of individual agreements.

LEONI Special Vehicles offers you a simple, reliable alternative for ordering spare parts for self-installation. Our portfolio of spare parts includes all current products and, by arrangement, we can also supply individual spare parts from older product ranges.

Our service specialists will be happy to help you find the individual spare parts and system-specific spare part packages needed by you. If you wish, for a small fee, we can also provide the technical documents for the spare parts you require (subject to availability).

Repair and spare parts portfolio for self-installation
